The Borough of Monaca along with its community partners: the City of Aliquippa; the Borough of Coraopolis; the Borough of Midland; and the Ohio River Trail Council (ORTC) invite you to an Open House that is the culmination of an 18-month community planning process. All of the Ohio River Brownfields Community Partners have joined together to undertake a grass-roots effort to re-think the future of our communities by focusing on the revitalization of our under-utilized brownfields areas. The Borough of Monaca, on behalf of the Community Partnership, received a federal grant from the United States Environmental Protection Agency (EPA) which supported the effort. The Open House event will include a presentation of the draft recommendations with a focus on the next-step actions for each of the participating communities.
