Vincent Troia, CEO
Ohio River Trail Council
1100 Pennsylvania Avenue
Monaca, PA 15061

Dear Mr. Troia,

Please accept this letter of support from Bridgewater Borough Council for the ORTC Canoe/Kayak Rack Project which will be place in our riverfront park area along the Beaver River.

It is understood that this project will be funded through the PPC Small Grants Program. It is also understood that this program does not require match funding however; the Borough of Bridgewater will provide all labor for said project.

Through our Riverfront Development Program Bridgewater has seen significant economic growth through business and employment. We feel that this project will enhance our goal to continue that trend.

Respectfully,

Charles Bates, Council President
